Dear Neil

On behalf of UIA Victoria, I would personally like to thank you for your time here in Melbourne. We have received very positive reviews from the schools you visited as well as from other audiences to whom you spoke. We have also received comments about how captivating and thought provoking your presentations were and the anecdotes that accompanied them. As you suggest, it is time to do things differently and I believe we have all gained from your insights in the areas of Israel Advocacy and marketing.

I know you had a very hectic schedule, which began virtually as you landed. We are pleased to hear it also went smoothly from your perspective and we hope you enjoyed your time here as much as we enjoyed having you.

I look forward to meeting you in Israel once I return to Israel after my shlichut ends in January.

Once again, our sincere thanks.

Yours sincerely

Pini Shimon
Executive Director UIA of Victoria
